<b>Applicant Organisation<sup>1</sup></b>	<b>Initial Project Proposal<sup>2</sup></b>
Flowwerk Foundation Limited	Through the application of new design elements, such as the proposed courtyard and upgrade the living quarters of sitting occupants with state of the art “show case” technology. Put in place IT workshops, lecture rooms, art studios, restaurant and exhibition gallery, providing employment for disadvantaged people and people with disabilities.
Fullness Christian Vocational Training Centre	Put in place a Kung Fu Museum cum Chinese Cultural Hub, with old-fashion stylish Chinese restaurant/teahouse, and 70’s Boutique Hostel. Activities will be organized, such as various boxing and cultural performances, hence providing training and employment for sitting tenants who opt to stay behind and disadvantage youth.
St. James’ Settlement & Heritage Hong Kong Foundation Limited	Establish a new Blue House Community Cooperative with membership from relevant stakeholders, including the sitting tenants who opt to stay behind, to build up a community open space and conduct creative and innovative programmes. These programmes may include community cultural studio and exhibition, local or overseas artists-in-residence programme, community art fairs and street festivals.
Teng Hoi Conservation Organisation	Invite current residents to join a Social Enterprise providing services for a variety of activities at the Blue House cluster. The activities would be developed in partnership with international and local schools and not-for-profit cultural organizations and could include street theatre, music and art performances, displays, and unique products for sale.
